RELEVANT SKILLS

COLLABORATION: I have displayed collaborative skills through achievements in sports, and through my work at Heatherton, as it requires efficient team working and flexibility to ensure activities are running smoothly with customer satisfaction maintained.

ORGANISATION: High level of organisational skills. I am dependable and willing to work to ensure I do not miss deadlines or fail to complete tasks.

PROBLEM-SOLVING: I am a logical thinker, and a quick learner who works through problems methodically. I have demonstrated this throughout university and employment.

PRACTICAL: I have a lot of hands-on experience with devices. Since the age of 13 I have spent heaps of time building/repairing computers, laptops, and phones, anything I could get my hands on.

EMPLOYMENT EXPERIENCE

Software Engineer Intern, CFMS Services, Bristol September 2024 – August 2025

- 12-month placement working on multiple digital engineering projects, for industries such as manufacturing, rail and robotics.
- Helping design and develop software and tools used for different commercial and funded projects.

Activity Supervisor, Heatherton World of Activities, St Florence August 2022 – August 2024

- Supervising and instructing more than 13 different activities, such as air pistols, archery, and bumper boats.
- Ensuring safety standards are met when opening, running, and closing down all activities.

Also worked as a **Marquee Constructor** and a **Kitchen Porter** prior to this.

INTERESTS

SPORT/EXERCISE: I am an active member of the squash club at university, and I enjoy going to the gym, going for runs, and playing tennis, golf and football.

THE OUTDOORS: I spend a lot of time at the beach during the summer months, going for a swim or just relaxing with friends or family. I live near some beautiful places in Wales, so exploring these places is something I always look forward to.

VOLUNTEERING: I have spent many hours giving up my time to help things that matter to me, notably for Valero Volunteering doing beach cleans and painting the local school. I have also volunteered for a local health group, creating them a website to boost their online presence.
